

BRITSAFE LEVEL 1

AWARD IN FLAMMABLE LIQUIDS STORAGE SAFETY

107/5308/1

Introduction:

The Britsafe Level 1 Award in Flammable Liquids Storage Safety provides learners with essential knowledge and practical understanding of how to identify, manage, and mitigate the unique hazards associated with storing flammable liquids in workplace environments. Designed for individuals responsible for storage operations, facility compliance, or those working in proximity to flammable substances, this course offers critical insight into storage classifications, control measures, labelling requirements, and emergency planning aligned with fire safety legislation and best practice standards. It emphasizes the importance of safe container selection, ventilation, spill control, and segregation to prevent fire and explosion risks in accordance with applicable UK regulations. This qualification is particularly relevant to personnel in manufacturing, warehousing, laboratories, transport, and logistics sectors where improper storage can lead to severe incidents or legal consequences. By completing this award, learners not only meet baseline safety expectations but also strengthen their value as informed contributors to safer operational environments.

Qualification Regulation and Support:

The Britsafe Level 1 Award in Flammable Liquids Storage Safety is a proprietary qualification developed and quality-assured by Britsafe™ Qualifications UK Limited. This course is supported through structured curriculum oversight, assessment moderation, and certification governance. Britsafe™ maintains sole authority for awarding and academic integrity of the programme.

Key facts:

Qualification Number:	107/5308/1
Minimum Contact Hours:	4
Guided Learning Hours:	4
Credit Value:	1
Credential Status:	Award
Assessment Method:	Multiple-choice examination

Qualification Overview and Objective:

The Britsafe Level 1 Award in Flammable Liquids Storage Safety is designed for individuals involved in activities where flammable liquids are stored. Participants acquire knowledge and skills related to risk assessment, control measures, and proper storage practices. This qualification ensures compliance with legal requirements, contributing to a safer working environment when dealing with flammable liquids.

The objective of the qualification is to:

- Understand the principles and importance of storing flammable liquids safely.
- Identify common flammable liquids and associated risks.
- Learn effective strategies for safe storage of flammable liquids.
- Gain knowledge of proper storage equipment and containers.
- Demonstrate compliance with legal requirements for flammable liquids storage safety.

Entry Requirements:

To register for this qualification, learners are required to meet the following entry requirements:

- Must be aged 16 and over
- Participants should have a basic understanding of the English language to effectively engage with course materials and assessments.
- This course is open to individuals of all backgrounds and experience levels who have an interest in workplace health and safety.

Geographical Coverage:

This qualification is suitable for delivery in England, Northern Ireland, Wales and can be offered internationally.

Delivery/Assessment Ratios:

To effectively deliver this qualification, centres are recommended not to exceed the ratio of 1 Qualified Tutor to 12 Learners in any one instance. If centres wish to increase the recommended ratio, they must first inform your dedicated Britsafe™ accounts manager before doing so.

Centre Requirements:

To effectively deliver this qualification, centres should have the following resources in place:

- Classroom with suitable seating and desks; and
- High-quality teaching and learning resources.

Guidance on Delivery:

The total qualification time (TQT) for this qualification is 4-hours and of this 4-hours is recommended as guided learning (GL). TQT is an estimate of the total number of hours it would take an average learner to achieve and demonstrate the necessary level of attainment to be awarded with a qualification, both under direct supervision (forming Guided Learning Hours) and without supervision (all other time). TQT and GLH values are advisory and assigned to a qualification as guidance.

Guidance on Assessment:

This qualification is assessed through a multiple-choice question exam.

- Centre's must take all reasonable steps to avoid any part of the assessment of a learner (including any internal quality assurance and invigilation) being undertaken by any person who has a personal interest in the result of the assessment.
- Centres must follow Britsafe™ Examination and Invigilation Procedures. Completed examination papers are to be returned to Britsafe™ for marking or If in case of online examination; records shall be updated on EMS portal accordingly.

Guidance on Quality Assurance:

Britsafe™ requires centres to have in place a robust mechanism for internal quality assurance. Britsafe™ will support centres by conducting ongoing engagements to ensure and verify the effective and efficient delivery, quality assurance and invigilation of the qualification.

Tutor Requirements:

Britsafe™ recommends nominated tutors for this qualification meet the following requirements:

- A relevant health and safety qualification at Level 3 or higher,
- Membership of a professional body (e.g., IOSH, IIRSM) is desirable.
- Hold a relevant subject area qualification/or be occupationally competent.
- Hold a recognized teaching/training qualification (or suitable equivalent).
- Level 3 Award in Education and Training (AET) or Train The Trainer.
