

BRITSAFE LEVEL 3

CERTIFICATE IN ADVANCED FIRE SAFETY AND FIRE MARSHAL TRAINING

114/5329/3

Introduction:

The Britsafe Level 3 Certificate in Advanced Fire Safety and Fire Marshal Training is a comprehensive qualification designed to empower individuals with advanced capabilities in fire risk management and emergency preparedness. This qualification builds on foundational fire safety principles and expands into proactive fire hazard control, incident command responsibilities, and the development of fire safety protocols across diverse workplace settings. It is particularly suited for individuals who hold, or aspire to hold, roles involving leadership in fire safety—such as fire marshals, safety officers, and facilities managers. The course covers advanced understanding of fire behavior, human response in fire scenarios, coordination during evacuations, fire safety legislation, and strategies for conducting detailed fire risk assessments. This certificate supports the establishment of a safety-led culture by enhancing the skills of those responsible for safeguarding lives and assets in complex or high-risk environments.

Qualification Regulation and Support:

The Britsafe Level 3 Certificate in Advanced Fire Safety and Fire Marshal Training is developed in alignment with current UK fire safety legislation and best practice standards. It is awarded and quality-assured by Britsafe™ Qualifications UK Limited, ensuring regulatory compliance, credibility of certification, and consistent delivery of high-standard training across accredited centres.

Key facts:

Qualification Number:	114/5329/3
Minimum Contact Hours:	20
Guided Learning Hours:	20
Credit Value:	2
Credential Status:	Certificate
Assessment Method:	Multiple-choice examination

Qualification Overview and Objective:

The Britsafe Level 3 Certificate in Advanced Fire Safety and Fire Marshal Training is designed for individuals in roles requiring advanced knowledge of fire safety and emergency response. Participants gain expertise in complex fire hazard assessment, advanced evacuation strategies, and the role of a fire marshal. This qualification ensures compliance with legal requirements and prepares individuals for leadership roles in fire safety and emergency management.

The objective of the qualification is to:

- Develop expertise in advanced fire safety principles.
- Identify and assess complex fire hazards and risks.
- Learn advanced strategies for fire prevention, evacuation, and emergency response.
- Gain proficiency in using advanced fire safety equipment.
- Demonstrate competence in the role of a fire marshal.

Entry Requirements:

To register for this qualification, learners are required to meet the following entry requirements:

- Must be aged 16 and over
- Participants should have a basic understanding of the English language to effectively engage with course materials and assessments.
- This course is open to individuals of all backgrounds and experience levels who have an interest in workplace health and safety.

Geographical Coverage:

This qualification is suitable for delivery in England, Northern Ireland, Wales and can be offered internationally.

Delivery/Assessment Ratios:

To effectively deliver this qualification, centres are recommended not to exceed the ratio of 1 Qualified Tutor to 12 Learners in any one instance. If centres wish to increase the recommended ratio, they must first inform your dedicated Britsafe™ accounts manager before doing so.

Centre Requirements:

To effectively deliver this qualification, centres should have the following resources in place:

- Classroom with suitable seating and desks; and
- High-quality teaching and learning resources.

Guidance on Delivery:

The total qualification time (TQT) for this qualification is 20-hours and of this 20-hours is recommended as guided learning (GL). TQT is an estimate of the total number of hours it would take an average learner to achieve and demonstrate the necessary level of attainment to be awarded with a qualification, both under direct supervision (forming Guided Learning Hours) and without supervision (all other time). TQT and GLH values are advisory and assigned to a qualification as guidance.

Guidance on Assessment:

This qualification is assessed through a multiple-choice question exam.

- Centre's must take all reasonable steps to avoid any part of the assessment of a learner (including any internal quality assurance and invigilation) being undertaken by any person who has a personal interest in the result of the assessment.
- Centres must follow Britsafe™ Examination and Invigilation Procedures. Completed examination papers are to be returned to Britsafe™ for marking or If in case of online examination; records shall be updated on EMS portal accordingly.

Guidance on Quality Assurance:

Britsafe™ requires centres to have in place a robust mechanism for internal quality assurance. Britsafe™ will support centres by conducting ongoing engagements to ensure and verify the effective and efficient delivery, quality assurance and invigilation of the qualification.

Tutor Requirements:

Britsafe™ recommends nominated tutors for this qualification meet the following requirements:

- A relevant health and safety qualification at Level 3 or higher,
- Membership of a professional body (e.g., IOSH, IIRSM) is desirable.
- Hold a relevant subject area qualification/or be occupationally competent.
- Hold a recognized teaching/training qualification (or suitable equivalent).
- Level 3 Award in Education and Training (AET) or Train The Trainer.

The background of the entire page is a photograph of three firefighters in full protective gear, including helmets and oxygen tanks, standing in front of a large fire. They are holding a hose that extends towards the flames. The scene is filled with smoke and fire, creating a dramatic and intense atmosphere. The entire image is overlaid with a semi-transparent red filter.
